Resending Ambassador Bridge lines for edits before adding them to MMM's QP binder.

- We are closely monitoring the ongoing disruptions at the Ambassador Bridge Border Crossing. While the Port of Entry remains open, blockades are causing significant disruption.
- These types of blockades have a critical impact on our economy and supply chain, and must end before they do further damage.
- CBSA is working with municipal and provincial partners to divert traffic to other ports of entry
- Our officials will continue to monitor this situation closely.
